

Langley Research Center
Directives Management Transmittal Sheet

Document Number	LPR 7120.6	Owning Organization	OD
Document Title	Lessons Learned Process for Sustained Process Improvements		

Cancellation

January 27, 2016

Reason for cancellation:

NPR 7120.6, Lessons Learned Process, has been replaced by NPD 7120.6, Knowledge Policy on Programs and Projects, which more generally addresses knowledge management and makes the above Langley Procedural Requirements document largely unnecessary.

Some critical procedural aspects of LPR 7120.6 have been captured in the newly developed and approved [LMS-CP-7120.61, Elevating Lessons Learned to Agency Database](#).
